

Audiology Coverage

Comprehensive Insurance Solutions for Audiologists and Audiology Practices

Audiologists play a vital role in helping patients understand and improve their hearing health. With specialized testing, patient interactions, electronic records, and day-to-day business operations, your practice needs coverage designed to support both the professional and the business.

PM Healthcare Protect offers coverage designed to help protect your practice, your team, and the patients you serve, so you can focus on delivering care with confidence.

Why PM Healthcare Protect?

Coverage designed to help protect your practice and the people behind it.

- ▶ **Individual + Entity Protection**
Coverage can apply to both individual audiologists and the audiology practice.
- ▶ **Coverage That Follows You**
Professional liability coverage follows the individual audiologist wherever they practice, subject to policy terms and conditions.
- ▶ **New Hire Coverage**
Automatic coverage for newly hired employees for up to 30 days, helping bridge the gap while updates are reported.
- ▶ **Support You Can Trust**
Specialized underwriting, risk management, and claims support from a dedicated insurance partner.

Professional Liability

Help protect your audiology practice and providers from claims related to professional services, patient care, diagnostics, and treatment recommendations.

- Coverage for individual audiologists and your business entity
- Protection for claims involving diagnostic errors, treatment issues, or patient injury
- License defense and HIPAA defense coverage included, subject to policy terms and conditions
- Prior acts coverage available
- Claims-made and occurrence policy options available
